### 150 Words

Industrial work requiring SCBA protection is intense, physically demanding work. That's why Scott Safety's Air-Pak 75i SCBA is designed with durability, dependability and user-focus in mind. Built upon Scott's renowned Air-Pak 75 platform, the Air-Pak 75i SCBA incorporates the time-tested features you've come to trust from Scott Safety, while maintaining the simple, easy-to-use product you've come to expect and rely on time and time again for dependable, industrial SCBA respiratory protection.

The Air-Pak 75i SCBA features Scott's unique dual-redundant pressure reducer coupled with the innovative and patented Scott Vibralert end-of-service indicator to provide peace-of-mind protection, even in the most demanding industrial applications. The streamlined backframe provides a comfortable fit with a lower profile. This allows for greater freedom of movement to SCBA users in industrial protective clothing during even the most rigorous on-the-job activities. The Air-Pak 75i SCBA is NIOSH-approved for use in non-fire related, IDLH environments.
