

Standard Warranty

SCOTT GAS DETECTION PRODUCTS WARRANTY STATEMENT:

Scott Safety warrants all products against defects in material and workmanship when paid for and properly installed and maintained under normal use and service. Unless otherwise provided in writing by Scott Safety, including quotation documents or product literature provided with the Product at the time of sale, products manufactured by Scott Safety are warranted solely to the original Buyer for the period defined in the table below from the date of shipment from Scott Safety. The warranty will be immediately voided by substitution of non-Scott Safety provided parts or components. The warranty will also be voided for products and components that have been subject to misuse, improper installation, corrosion, or that have not been installed, maintained, modified or repaired in accordance with manufacturer supplied instruction, and/or the standards of any other authorities having jurisdiction. Materials found by Scott Safety to be defective shall be either repaired or replaced, at Scott Safety's sole option. Scott Safety neither assumes, nor authorizes any person to assume for it, any other obligation in connection with the sale of products or parts of products. Scott Safety shall not be responsible for system design errors or inaccurate or incomplete information supplied by Buyer or Buyer's representatives. In no event shall Scott Safety be liable, in contract, tort, strict liability or under any other legal theory, for incidental, indirect, special or consequential damages, including but not limited to lost profits and labor charges, regardless of whether Scott Safety was informed about the possibility of such damages, and in no event shall Scott Safety's liability exceed an amount equal to the sales price. AS OF MARCH 31, 2015 THE FOREGOING WARRANTY IS MADE IN LIEU OF ANY AND ALL OTHER WARRANTIES, WHETHER WRITTEN, ORAL, EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. This limited warranty sets forth the exclusive remedy for claims based on failure of or defect in Products, materials or components, whether the claim is made in contract, tort, strict liability or any other legal theory. This warranty will apply to the full extent permitted by law. The invalidity, in whole or part, of any portion of this warranty will not affect the remainder.

1. Sensors that fail within the warranty period will be replaced with a sensor having a warranty at least equal to that of the failed sensor's remaining warranty.
2. This warranty shall only cover products listed in the Instrument & Sensor Warranty Matrix above. Future products or items introduced by Scott shall be accompanied with a separate warranty.
3. Scott warrants the Protégé ZM Portable Gas Detection Monitor to be free from defects in workmanship and materials under normal use and service for a period of 2 years of operational use or for 3 years from date of shipment by Scott, whichever occurs first.

To obtain performance under this warranty, and as a condition precedent to any duty of Scott, the purchaser must return such products to Scott, a Scott authorized agent or a Scott authorized Service center. Any product returned to Scott Safety shall be sent to:
